P.S. index

VOLUME XXXIV—1989

A

Accidents and injuries: A critical review. *Stanley A. Abercrombie.* May p. 15.

Accidents related to lockout in Quebec sawmills. *Joseph-Jean Paques, Serge Massé and Raymond Bélanger.* Sept. p. 17.

AIDS at work—fighting the fears. *Jeffrey W. Vincoli.* June p. 50.

Air travel safety/security for the business person. *C. L. Lewis and John F. Montgomery.* June p. 44.

Alcohol in the workplace. *Jerry Bell and Pat Bell.* Feb. p. 11.

Applying the Deming philosophy to the safety system. *Noe Salazar.* Dec. p. 22.

Are your safety inspections a waste of time? *James J. Loud.* Jan. p. 30.

Artificial intelligence for the safety professional. *Sandra C. Parker, C. Ray Asfahl and Susan A. Johnsen.* June p. 47.

B

Back injury prevention—awareness versus performance. *Leonard Ring.* July p. 11.

Behaviorally based safety management: Parallels with the quality improvement process. *Thomas R. Krause and John H. Hidley.* Oct. p. 20.

Biological effects of exposure to electromagnetic fields. *Barrett Miller.* Aug. p. 21.

Bureau of Certified Safety Professionals: How it all began. *John E. Russell.* June p. 37.

But I'm a supervisor, not a psychologist! *Arthur H. Kilton.* May p. 20.

C

Coping with boredom in the cockpit before it's too late. *Vernon L. Grose.* July p. 24.

Counterfeiters: Cheating maintenance with bad bolts. *Richard S. Cross.* March p. 28.

Create a safety newsletter for your company. *Gary S. Sortor.* Oct. p. 31.

D

Deming's 14 points for management: Variation, system improvement and safety management. *Stephen M. Motzko.* Aug. p. 17.

Dock safety at Saudi Arabian seaports. *Horst Martens.* Nov. p. 33.

E

EPA's tank rule: A compliance nightmare for motor carriers. *Richard S. Cross.* Dec. p. 33.

Early return to work profitability. *John C. Ratliff and Terry Grogan.* March p. 11.

Employer potential for increased control of workers' compensation costs. *James A. Green.* Feb. p. 28.

F

Fire safety—Is your program in balance? *Ernest B. Jorgensen, Jr.* April p. 18.

Functional model of an eye protection program. *Van B. Nakagawara.* Nov. p. 24.

Fundamental components of a safety program for an explosives manufacturing environment. *Zoyd R. Luce.* Oct. p. 35.

G

Going international: Establishing and maintaining safety programs in foreign operations. *Homer L. Richardson.* Oct. p. 17.

H

Hazards associated with unloading railroad hopper cars. *Louis R. O' Matz and George R. Bockosh.* Nov. p. 11.

Human factor, The. *Leslie A. Bryan, Jr.* Nov. p. 15.

I

Improving content of accident descriptions in workers' compensation reports. *Diane Haugen and Robert J. Thomas.* June p. 33.

Incidental motor vehicle fleet, The. *Michael P. Wilson.* Aug. p. 24.

Investigating the careless act. *Charles I. Thompson.* Dec. p. 39.

J

Just when you thought it was safe . . . *Randall I. Atlas.* Sept. p. 28.

L

Loss control assistance and implementation: Roles of the loss control and safety professionals. *John Kauffman.* March p. 24.

M

Management thinking and decision-making styles: Their effect on occupational and environmental health. *H. R. Kavianian, J. K. Rao and V. F. Sanchez.* Sept. p. 24.

N

NFPA 1500 Standard for a fire department OSH program. *Murrey E. Loflin.* April p. 15.

New safety employee, The. *Timothy J. Ryan.* Aug. p. 13.

O

Occupational hazards: Nursing service personnel. *Shirley L. Morgan and Ruby Davis.* Aug. p. 9.

Occupational stress in the fire service. *Robert W. Shearer.* April p. 22.

P

Periodic medical exams: A prescription for preventing and detecting occupational illness and injury. *Lee M. Marseglia.* July p. 15.

Prevention and treatment of hand injuries. *Robert R. Schenck.* May p. 30.

Proactive approach to minimize stress on the job. *Roberta J. Hendrickson.* Nov. p. 29.

Problems facing the safety manager. *Timothy J. Ryan.* Nov. p. 19.

Product recall plan guidelines for manufacturers and sellers of industrial products. *Lowell Ledbetter.* March p. 18.

Product warnings. *Ashutosh Riswadkar.* Dec. p. 13.

Q

Quality of work life programs through employee motivation. *Janet Della-Giustina and Daniel Della-Giustina.* May p. 24.

R

Recertification of professionals: A survey of requirements. *Michael K. Orn.* Oct. p. 26.

Robotics, an industrial health and safety solution. *George W. Pearson.* Dec. p. 28.

S

Safety—A health service team approach. *Donald E. McGowan and William W. Norton.* Jan. p. 21.

Safety management and innovative

thinking go hand in hand. *R. M. Bieber.* Sept. p. 21.
Safety management in engineering laboratories. *Hamid R. Kavianian.* July p. 27.
Safety policy statement: Developing and using it. *Niru Davé.* June p. 29.
Safety practices in the construction industry. *Nicole Dedobbeleer and Pearl German.* Jan. p. 33.
Shift work and safety. *Timothy H. Monk.* April p. 26.
'Stopping points' for environmental regulation. *James V. DeLong.* Feb. p. 16.

T
To recap or not—preventing needlesticks. *Andy Driscoll.* Jan. p. 27.
Toward a more universal model of loss incident causation. *Robert E. McClay.* Part I, Jan. p. 15. Part II, Feb. p. 34.
Training techniques that work within an integrated safety program. *Bruce E. Everett.* May p. 34.

U
Using perception surveys to assess safety system effectiveness. *Charles Bailey and Dan Petersen.* Feb. p. 22.

W
What is RMIS you may ask? *C. Lowell Spence.* July p. 21.
Why you should put your safety program under statistical control. *Thomas A. Smith.* April p. 31.
Work station fire protection for a semiconductor facility. *Brian Sherin.* Dec. p. 16.

PS SUBJECT INDEX—1989

FIRE PROTECTION

Planning for Fire Safety

Fire Safety—Is your program in balance? *by Ernest B. Jorgensen, Jr.,* April, pp. 18-21.
Work station fire protection for a semiconductor facility *by Brian Sherin,* December, pp. 16-21.

MANAGEMENT ASPECTS

Accident Investigation and Analysis

Accidents and injuries: A critical review *by Stanley A. Abercrombie,* May, pp. 15-19.
Improving content of accident descriptions in workers' compensation reports *by Diane Haugen and Robert J. Thomas,* June, pp. 33-36.
Investigating the careless act *by Charles I. Thompson,* December, pp. 39-41.
Toward a more universal model of loss incident causation *by Robert E. McClay,* Part I January, pp. 15-20; Part II February, pp. 34-39.

Administration of Safety and Health Management

Applying the Deming philosophy to the safety system *by Noe Salazar,* December, pp. 22-27.
Are your safety inspections a waste of time? *by James J. Loud,* January, pp. 30-32.
Behaviorally based safety management: Parallels with the quality improvement process *by Thomas R. Krause and John H. Hidley,* October, pp. 20-25.
But I'm a supervisor, not a psychologist! *by Arthur H. Kilton,* May, pp. 20-23.
Deming's 14 points for management: Variation system improvement and safety management *by Stephen M. Motzko,* August, pp. 17-20.
Management thinking and decision-making styles: Their effect on occupational and environmental health *by H. R. Kavianian, J. K. Rao and V. F. Sanchez,* September, pp. 24-27.
New safety employee, The, *by Timothy J. Ryan,* August, pp. 13-16.
Problems facing the safety manager *by Timothy J. Ryan,* November, pp. 19-22.
Safety management and innovative thinking go hand in hand *by R. M. Bieber,* September, pp. 21-23.
Safety policy statement: Developing and using it *by Niru Davé,* June, pp. 29-32.

Computers

Artificial intelligence for the safety professional *by Sandra C. Parker, C. Ray Asfahl and Susan A. Johnsen,* June, pp. 47-49.
What is RMIS you may ask? *by C. Lowell Spence,* July, pp. 21-23.

Fleet Management

Incidental motor vehicle fleet, The, *by Michael P. Wilson,* August, pp. 24-27.

Program Development

Create a safety newsletter for your company *by Gary S. Sortor,* October, pp. 31-33.
Early return to work profitability *by John C. Ratliff and Terry Grogan,* March, pp. 11-17.
Going international: Establishing and maintaining safety programs in foreign operations *by Homer L. Richardson,* October, pp. 17-19.
Quality of work life programs through employee motivation *by Janet Della-Giustina and Daniel Della-Giustina,* May, pp. 24-28.
Safety—A health service team approach *by Donald E. McGowan and William W. Norton,* January, pp. 21-26.
Why you should put your safety program under statistical control *by Thomas A. Smith,* April, pp. 31-36.

Risk Management/Loss Control

Employer potential for increased control of workers' compensation costs *by James A. Green,* February, pp. 28-33.
Loss control assistance and implementation: Roles of the loss control and safety professionals *by John Kauffman,* March, pp. 24-27.

Safety Training and Education

Bureau of Certified Safety Professionals: How it all began *by John E. Russell,* June, pp. 37-43.
Recertification of professionals: A survey of requirements *by Michael K. Orn,* October, pp. 26-29.
Safety management in engineering laboratories *by Hamid R. Kavianian,* July, pp. 27-30.
Training techniques that work within an integrated safety program *by Bruce E. Everett,* May, pp. 34-37.

OCCUPATIONAL HEALTH/ INDUSTRIAL HYGIENE

Health Hazards in the Workplace

Alcohol in the workplace *by Jerry Bell and Pat Bell,* February, pp. 11-15.
AIDS at work—fighting the fears *by Jeffrey W. Vincoli,* June, pp. 50-52.
Back injury prevention—awareness versus performance *by Leonard Ring,* July, pp. 11-14.
Functional model of an eye protection program *by Van B. Nakagawara,* November, pp. 24-27.
Occupational hazards: Nursing service personnel *by Shirley L. Morgan and Ruby Davis,* August, pp. 9-11.
Periodic medical exams: A prescription for preventing and detecting occupational illness and injury *by Lee M. Marseglia,* July, pp. 15-20.
Prevention and treatment of hand injuries *by Robert R. Schenck,* May, pp. 30-33.
To recap or not—preventing needlesticks *by Andy Driscoll,* January, pp. 27-29.

Stress

Occupational stress in the fire service *by Robert W. Shearer,* April, pp. 22-25.
Proactive approach to minimize stress on the job *by Roberta J. Hendrickson,* November, pp. 29-32.
Shift work and safety *by Timothy H. Monk,* April, pp. 26-30.

OCCUPATIONAL SAFETY

Electrical

Biological effects of exposure to electromagnetic fields *by Barrett Miller,* August, pp. 21-23.

Machinery

Human factor, The, *by Leslie A. Bryan, Jr.,* November, pp. 15-18.

Plant Layout and Design

Just when you thought it was safe . . . *by Randall I. Atlas,* September, pp. 28-33.

Robotics

Robotics, an industrial health and safety solution *by George W. Pearson,* December, pp. 28-31.

Specific Industries

Accidents related to lockout in Quebec sawmills *by Joseph-Jean Paques, Serge Massé and Raymond Bélanger,* September, pp. 17-20.
Air travel safety/security for the business person *by C. L. Lewis and John F. Montgomery,* June, pp. 44-46.
Coping with boredom in the cockpit before it's too late *by Vernon L. Grose,* July, pp. 24-26.
Counterfeiters: Cheating maintenance with bad bolts *by Richard S. Cross,* March, pp. 28-33.
Dock safety at Saudi Arabian seaports *by Horst Martens,* November, pp. 33-35.
EPA's tank rule: A compliance nightmare for motor carriers *by Richard S. Cross,* December, pp. 33-38.
Fundamental components of a safety program for an explosives manufacturing environment *by Zoyd R. Luce,* October, pp. 35-38.
Hazards associated with unloading railroad hopper cars *by Louis R. O'Matz and George R. Bockosh,* November, pp. 11-14.
Safety practices in the construction industry *by Nicole Dedobbeleer and Pearl German,* January, pp. 33-38.
Using perception surveys to assess safety system effectiveness *by Charles W. Bailey and Dan Petersen,* February, pp. 22-26.

GOVERNMENT AGENCIES

NFPA 1500 Standard for a fire department OSH program *by Murrey E. Loflin,* April, pp. 15-17.
'Stopping points' for environmental regulation *by James V. DeLong,* February, pp. 16-21.

PRODUCT DESIGN & SAFETY

Product Liability

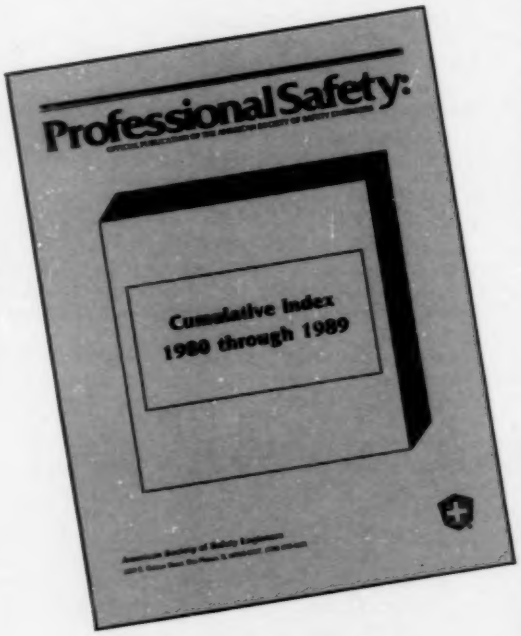
Product recall plan guidelines for manufacturers and sellers of industrial products *by Lowell Ledbetter,* March, pp. 18-23.
Product warnings *by Ashutosh Riswadkar,* December, pp. 13-15.

PS AUTHOR'S INDEX—1989

Abercrombie, Stanley A. ..... May p. 15
Asfahl, C. Ray ..... June p. 47
Atlas, Randall I. ..... Sept. p. 28
Bailey, Charles W. ..... Feb. p. 22
Bélanger, Raymond ..... Sept. p. 17
Bell, Jerry ..... Feb. p. 11
Bell, Pat ..... Feb. p. 11
Bieber, R. M. ..... Sept. p. 21
Bockosh, George R. ..... Nov. p. 11
Bryan, Jr., Leslie A. ..... Nov. p. 15
Cross, Richard S. ..... March p. 28, Dec. p. 33
Davé, Niru ..... June p. 29
Davis, Ruby ..... Aug. p. 9
Dedobbeleer, Nicole ..... Jan. p. 33
Della-Giustina, Daniel ..... May p. 24
Della-Giustina, Janet ..... May p. 24
DeLong, James V. ..... Feb. p. 16
Driscoll, Andy ..... Jan. p. 27
Everett, Bruce E. ..... May p. 34
German, Pearl ..... Jan. p. 33
Green, James A. ..... Feb. p. 28
Grogan, Terry ..... March p. 11
Grose, Vernon L. ..... July p. 24
Haugen, Diane ..... June p. 33
Hendrickson, Roberta J. ..... Nov. p. 29
Hidley, John H. ..... Oct. p. 20
Johnsen, Susan A. ..... June p. 47
Jorgensen, Jr., Ernest B. ..... April p. 18
Kauffman, John ..... March p. 24
Kavianian, H. R. ..... July p. 27, Sept. p. 24
Kilton, Arthur H. ..... May p. 20
Krause, Thomas R. ..... Oct. p. 20

Ledbetter, Lowell ..... March p. 18
Lewis, C. L. ..... June p. 44
Loflin, Murrey E. ..... April p. 15
Loud, James J. ..... Jan. p. 30
Luce, Zoyd R. ..... Oct. p. 35
McClay, Robert E. ..... Jan. p. 15
McGowan, Donald E. ..... Jan. p. 21
Marseglia, Lee M. ..... July p. 15
Martens, Horst ..... Nov. p. 33
Massé, Serge ..... Sept. p. 17
Miller, Barrett ..... Aug. p. 21
Monk, Timothy H. ..... April p. 26
Montgomery, John F. ..... June p. 44
Morgan, Shirley L. ..... Aug. p. 9
Motzko, Stephen M. ..... Aug. p. 17
Nakagawara, Van B. ..... Nov. p. 24
Norton, William W. ..... Jan. p. 21
O'Matz, Louis R. ..... Nov. p. 11
Orn, Michael K. ..... Oct. p. 26
Paques, Joseph-Jean ..... Sept. p. 17
Parker, Sandra C. ..... June p. 47
Pearson, George W. ..... Dec. p. 28
Peterson, Dan ..... Feb. p. 22
Rao, J. K. ..... Sept. p. 24
Ratliff, John C. ..... March p. 11
Richardson, Homer L. ..... Oct. p. 17
Ring, Leonard ..... July p. 11
Riswadkar, Ashutosh ..... Dec. p. 13
Russell, John E. ..... June p. 37
Ryan, Timothy J. ..... Aug. p. 13, Nov. p. 19
Salazar, Noe ..... Dec. p. 22
Sanchez, V. F. ..... Sept. p. 24
Schenck, Robert R. ..... May p. 30
Shearer, Robert W. ..... April p. 22
Sherin, Brian ..... Dec. p. 16
Smith, Thomas A. ..... April p. 31
Sortor, Gary S. ..... Oct. p. 31
Spence, C. Lowell ..... July p. 21
Thomas, Robert J. ..... June p. 33
Thompson, Charles I. ..... Dec. p. 39
Vincoli, Jeffrey W. ..... June p. 50
Wilson, Michael P. ..... Aug. p. 24

A LIBRARY AT YOUR FINGERTIPS!



That's what you get with *Professional Safety's* new Cumulative Index of safety and loss-control articles. Hundreds of thorough, professionally-authored articles, each one written by an expert in the field and categorized by subject for easy reference.

- Data processing
- Fire protection
- Management
- Occupational health and industrial hygiene
- Occupational safety
- Government agencies
- Product design and safety

Who should buy

This 10-year Index is a valuable addition to every safety professional's library. It is your guide to a decade worth of research in one slim, handy volume.

Imagine: Dozens of references at the turn of a page. No more scrambling through tattered back issues.

Only $12.50

Don't wait! Order your copy today. Send a check along with shipping instructions to:
